FESTIVAL 4 > 20 juin

## **A dance festival at the Cartoucherie**

For its third edition, the JUNE EVENTS festival is inviting 25 choreographers to trace imprints of the creative motor mapping our existence. A choice of roads in the heart of awareness. Most of the 30 dance shows will be presented for the first time in Paris and in France. Every two years, the JUNE EVENTS festival presents dance shows, performances, happenings, meetings, readings to create a convivial festival atmosphere at the Cartoucherie, which enables the audience to discover and meet works and artists.

## **7 venues in partnership in Paris**

Initiated by Carolyn Carlson, artistic director of the Atelier de Paris in partnership with Julie Brochen, director of the Théâtre de l'Aquarium, JUNE EVENTS reveals a shared desire to build together a summer meeting, a festival invented and still renewed. This year the Théâtre du Chaudron and the Théâtre du Soleil will join the adventure, as well as two other partners, the Institut finlandais and the Centre Culturel Irlandais.

## **P.O.D. (Petites Œuvres Dansées – Short Dance Pieces)**

As first part of the dance shows scheduled at 9 p.m., the festival presents short dance pieces, P.O.Ds (Petites Œuvres Dansées). These short dance programmes will be followed by a meeting with the artists and a drink under the trees in the Cartoucherie Park.
